Introduction

HRSA's National Health Service Corps has awarded scholarships and loan repayment to health care providers dedicated to working in areas with limited access to care for nearly 50 years.

The National Health Service Corps (NHSC) opened its application for three loan repayment programs: the [NHSC Loan Repayment Program](#), the [NHSC Substance Use Disorder Workforce Loan Repayment Program](#) and the [NHSC Rural Community Loan Repayment Program](#).

Qualified health care clinicians may receive student loan repayment in return for their service at NHSC-approved sites.

Eligible sites can include:

- SAMHSA-certified outpatient treatment programs (OTPs)
- Office-based opioid treatment facilities (OBOTs)
- Non-opioid substance use disorder treatment facilities (SUD treatment facilities)
- Federally Qualified Health Care Centers (FQHCs)
- Rural Health Clinics (RHCs)
- American Indian Health facilities
- FQHC Look-Alikes
- State or federal correctional facilities

- Critical Access Hospitals
- Community health centers
- State or local health departments
- Community outpatient facilities
- Private practices
- School-based clinics
- Mobile units and free clinics

Applicants from a NHSC-approved SUD treatment facility receive priority for the SUD Workforce and Rural Community Loan Repayment Programs if they:

- Have a DATA 2000 waiver;
- Serve in an opioid treatment program; *or*
- Are certified in substance use disorder interventions, such as master's-level substance use disorder counselors.

Applicants for the Rural Community Loan Repayment Program must serve in a rural area.

We encourage eligible clinicians passionate about helping patients in underserved communities apply. All programs use one application, but applicants can only apply to one program.

[Applicants can find which program is right for them.](#)

The application cycle is open now until Thursday, April 23, 7:30 p.m. ET.
